This beautiful spring photo depicts Camp Chesterfield's fountain which will be running again this spring.

It has also been said there is a spirit face in this photo.

Do you see it too? Do you see more than one?

A MESSAGE FROM THE BOARD

In these days and times we can be very easily swept away by the negativity that seems to be everywhere present. How important to us, then, are our quiet times of prayer and meditation which enable us to keep our spiritual focus. But also important to us are the times we can spend with kindred spirits with whom we share spiritual interests.

Over it's 120 years of existence, thousands of people have come to Camp Chesterfield to gather with others who have come to experience the demonstrations of the continuity of life, to hear the teachings derived from such communications, and to experience the many demonstrations of healing.

Over many years, Camp Chesterfield has evolved as a premier spiritual learning center where students are taught the holistic concept of man, including how healing can take place. The Ancient Wisdom teachings, New Age Philosophy, Christian Mysticism, and Psychic Science are all taught as part of the Seminary program. Also, a school of Metaphysics is being established as part of the Education program.

Here at beautiful Camp Chesterfield you will find a peaceful haven away from the distractions of the outer world; a place where you, the spiritual seeker, can truly get in touch with the God Self within.

Join with us and be a part of our Center of Light. Come "Celebrate the Light".

DECLARATION OF PRINCIPLES

- ✧ We believe in Infinite Intelligence.
- ✧ We believe that the phenomena of nature, both physical and spiritual, are the expression of Infinite Intelligence.
- ✧ We affirm that a correct understanding of such expression and living in accordance therewith constitute true religion.
- ✧ We affirm that the existence and personal identity of the individual continue after the change called death.
- ✧ We affirm that communication with the so-called dead is a fact, scientifically proven by the phenomena of Spiritualism.
- ✧ We believe that the highest morality is contained in the Golden Rule: "Whatsoever ye would that others should do unto you, do ye also unto them."
- ✧ We affirm the moral responsibility of the individual, and that we make our own happiness or unhappiness as we obey or disobey nature's physical and spiritual laws.
- ✧ We affirm that the doorway to reformation is never closed against any human soul here or hereafter.
- ✧ We affirm that the precepts of prophecy and healing contained in the Bible and all sacred writings of the world are Divine attributes proven through mediumship.

2007 Special Guests

John Secalli - John Secalli, Yale University BA Philosophy, has spent 40 years exploring alternative therapies, spiritual paths, body work, and shamanism. After 4 years as a Civil Rights Worker in Alabama and Community Organizer in Chicago, he moved to California, taking classes at Berkeley Free University in Aikido, Polarity, Gestalt Therapy, Reichian Energetics, Tae Kwon Do, Kundalini Yoga, Deep Tissue Massage, and “anything that sounded weird, oriental or exotic”. He has worked and studied with Gurus, Yogis, Zen Masters, Kahunas, Sages and Medicine People of all persuasions.

John has spent years tracking down old texts on history, prophecy, mythology and ancient cultures. He has also been deeply involved with the Change of Ages as the beginning of an entire new Platonic “Great Year” (26,000 year precessional cycle). His guides have told him the “earth changes” forecast in many traditions, which produced the events of the “Great Flood” and “Sinking of Atlantis” at an antipodal point 13,000 years back, can be obviated and directed through spiritual intention by connecting through “Center Self” to “Center Source”, since “All Center is One with All”. This has brought him to an understanding of the work of Alchemy (Angelish: “All Key Me”), the purpose of which was not to turn lead into gold, but “led” (controlled by others) into “goaled” (living in creative partnership with Spirit). John Secalli’s workshops: March 23 - 25, 2007.

Rev. Retha Martin - Rev. Retha Martin is a certified Hypnotherapist from the Cincinnati School of Hypnosis, and a Silva Graduate. She is the founder of the Retha J. She has appeared on television and radio presenting programs on the benefits of hypnotherapy. She now has her own weekly television show “Complimentary Care” which is broadcast on several local cable stations.

Retha Martin is a registered Behavioral Therapist through the American Association of Behavioral Therapists, a Reiki Master, a certified Hypno-Anaesthesia Therapist, Pastoral Psychotherapist, Outreach Minister and is certified/licensed in Therapeutic Touch, Hypno-Kinesiology, Spirit Releasement and Peak Performance Therapy. She is qualified to work with pain/pain management, grief/grief management, anxiety, insomnia, pre/post surgery, phantom pain and much, much more. The honors Retha has been awarded are Board Member of the International Medical and Dental Hypnotherapy Association, “Teamwork” award and the highest award “Life Diplomat in Hypnotherapy”(10/2000), First National Director of the International Hypnosis Hall of Fame Guild Inc.(1996), Congressional recognition for her work in Hypnotherapy (1995), “Outstanding Clinical Contribution” award from the (1995) “Woman of the Year Award” (1994), listed in the “Worlds Who’s Who of Woman, 12th edition (1994), “President’s Award”, from the International Association of Counselors and Therapists (1999) and “Pebble in the Pond” award from the International Medical and Dental Hypnotherapy Association (2001).

The Seven Rays

Saturday, April 21, 2007 8:30 AM - 3:30 PM

by Rev. Brenda J. Wittich, CST

The Seven Rays are energy manifestations of Deity. As we study these rays, we will have a practical method of analysis whereby we can arrive at a right understanding of ourselves and at a better comprehension of our fellow human beings. As we understand these energies we can more justly determine our vocation and service, our assets and debits, our true value and strength.

AWAKENING YOUR INNER MUSE

Special Guest - Mickie Mueller

Saturday, June 9, 2007
9 - 12 Noon & 1 - 4 PM AGE

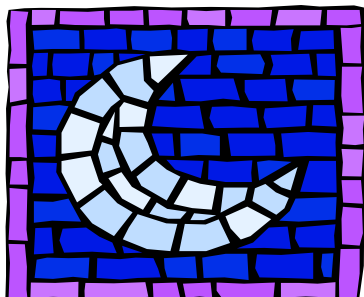

Pre-registration: \$60 before June 1
\$70 after June 1

Inspiration can be fickle, but there are ways to awaken it and keep it flowing. With all the stresses of everyday life, it can be hard to open up and let your creativity flow. I will share ways to open up your mind and heart to the ever-elusive inner muse. Learning to awaken and listen to your inner muse will help you to connect with spirit when you create and tap into the collective consciousness for inspiration.

Workshop will include:

- ☾ The ancient tradition of the artist as shaman, mage, priest or priestess.
- ☾ How to combine art and “magic” to make creating your art a spiritual experience.
- ☾ The use of a “Muse Alter” or inspiration bowl as a way to ritually open up to your own creative forces.
- ☾ How to turn your artwork area into a sacred space.
- ☾ A meditation for awakening and connecting with your inner muse along with a trigger to turn on your creative force. Methods for overcoming creative blocks and negative inner messages in order to facilitate creativity.

Mickie is a Spiritual Artist who follows an earth-based spiritual path.

THE TRAIL OF RELIGIONS

Unique in this world, and the trademark of Camp Chesterfield. This monument represents the ancient prophets and seers whom

countless millions worship today. You will see life-size stone busts of Abraham, Buddha, Zoroaster, Mohammed, Lao Tse, Confucius, Vardhammana, Zeus, Osiris and Jesus.

THE SERENITY PATH

Created for, and blessed by the visiting Tibetan Monks from the Drepung Loseling Monastery, the path winds through woods to The White River where the sands of their sacred Mandala were poured to heal and cleanse the river's waters.

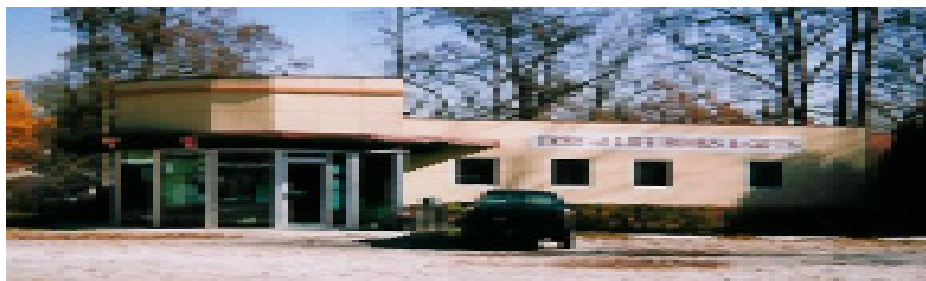

THE GARDEN OF PRAYER

In this stone house of prayer stands one of the most beautiful statues of Jesus ever seen. It is a place to enter in reverence and give pause to the outside world through prayer and meditation. The original Garden of Prayer was enlarged by the addition of the meditation room by Mr. and Mrs. Ben King, in memory of their daughter, Sara Jane King.

THE BEACROFT RESEARCH LIBRARY

A prized collection of metaphysical books, many of which are out of print and one of a kind editions, is housed in the Tree of Life Books and Gifts Store. The library is open to the public.
