2007

Welcome to the Chesterfield Spiritualist Seminary and School of Metaphysics!

This year brings a new addition to our education program; one that many of you have been eagerly anticipating - the School of Metaphysics. We are all excited about this new curriculum and our ability to offer a course of study that includes many of the ideas that have been taught at Camp Chesterfield in the past, but will now be presented in a systematic way similar to our ordination program and our spiritual healer program. The School of Metaphysics is just in its infancy, though, and we still have some work ahead of us as this program matures. The Education Committee will keep you posted through announcements in the "Good News" and "The Messenger" during the process.

In the spirit of "change is inevitable, suffering is optional," we will also do our best to keep you advised of any changes in class schedule. There have already been a few changes since the February—June 2007 issue of the "Good News" was printed; those changes are reflected in this book. We'll have the class registration forms and any changes in schedule posted on the website. As always, you can call the Administration Office with any questions.

As you look over the schedules for all our seminaries, you'll notice that in response to your requests, we have done our best to offer more electives, some new ones and some old favorites. Coupled with the new classes offered in the School of Metaphysics, we're hoping you are as excited as we are about these wonderful opportunities to learn. And be sure to take advantage of our new pre-registration incentive outlined on page 4.

We look forward to seeing all of you in 2007!

Rev. Susan Hill, Dean
Rev. Rena Caddell, Student Advisor
Rev. Wahna Irvine, Healing Coordinator
