## **Overview**

In this course, you will learn how to work with BILLETS\* and other objects specifically. We will cover the history of Psychometry, how we can begin opening to sensing the soul vibrations upon objects of all types, the importance of regular meditation, the benefits of incorporating your chakras, numerous exercises, along with the ethics and professionalism of the craft.

\*A Billet is used in some Spiritualist Services and events by an intuitive whereby a billet or rather a piece of paper is written on by its author their date of birth, their own initials, the names of loved ones in spirit and one question for Spirit to answer. Mediums or the intuitive hold the Billet in their hand, and discern the answer through Psychometry.

**Rev. Kevin Lee** is an ordained Metaphysical Minister, radio host, author, Paranormal researcher and certified Spiritual Medium. He has served for several years as the Senior Minister of the Metaphysical Chapel of South Florida ([www.MetaphysicalChapel.com](http://www.MetaphysicalChapel.com)) which is located in Fort Lauderdale and one of 15 such churches across the U.S. within the United Metaphysical Churches denomination. His Center of Light has been promoting metaphysics, Spiritualism, and afterlife topics for over 40 years while serving its community by bringing professional metaphysical speakers, mediums and healers from around the planet to demonstrate their Gifts of Spirit and Higher Truth Teachings. Rev. Kevin's passion is clearly "all things precipitation and spirit writing". Since 2012 when he experienced a healing epiphany (emotional and spiritual) due to witnessing Precipitation Mediumship and Spirit Card Writing, he has been literally guided by his spirit team towards ever more such experiences – so much so that now he is the caretaker of a rare Bangs Sisters painting that belonged to one of his guiding spiritual influences, Ethel Post Parrish-Riley. His collection of precipitated and spirit writing artifacts have continued to grow over the years. You can read several of his published articles on precipitation mediumship at [www.TheOtherSidePress.com](http://www.TheOtherSidePress.com). He serves as USA Director for the American Society for Standards in Mediumship and Psychical Investigation ([www.ASSMPI.org](http://www.ASSMPI.org)).
