About the cover- For over a century, people have been making the pilgrimage to Historic Camp Chesterfield for various reasons. Those who have heard the stories, know of a time when all three hotels were full of people. The Sunflower (pictured), The Lily (no longer in existence), and the Western Hotel opened their doors to travelers on the road to Spiritualism, Spirit Communication, education, and so much more.

Our historic buildings and grounds have always been a place where all are welcome to uncover the stories of each sacred space, learn how they came into existence, and to step into the past and feel what they have to offer.

Today, the historic preservation of the buildings at Camp Chesterfield is an important aspect of the grounds and those who love these historic spaces. Please, take the time to visit and find out why, for over a century, people have been called to Historic Camp Chesterfield.

DECLARATION OF PRINCIPLES

- ❧ We believe in Infinite Intelligence.
- ❧ We believe that the phenomena of nature, both physical and spiritual, are the expression of Infinite Intelligence.
- ❧ We affirm that a correct understanding of such expression and living in accordance therewith constitute true religion.
- ❧ We affirm that the existence and personal identity of the individual continue after the change called death.
- ❧ We affirm that communication with the so-called dead is a fact, scientifically proven by the phenomena of Spiritualism.
- ❧ We believe that the highest morality is contained in the Golden Rule: "Whatsoever ye would that others should do unto you, do ye also unto them."
- ❧ We affirm the moral responsibility of the individual, and that we make our own happiness or unhappiness as we obey or disobey nature's physical and spiritual laws.
- ❧ We affirm that the doorway to reformation is never closed against any human soul here or hereafter.
- ❧ We affirm that the precepts of prophecy and healing contained in the Bible and all sacred writings of the world are Divine attributes proven through mediumship.

An Introduction to Parapsychology - Annalisa Ventola

Discover the field of parapsychology, get an overview of the field's major research approaches, learn where the major research centers are, find out what parapsychology has contributed to our understanding of consciousness, then imagine where further research developments may take us.

Exploring Psi Conducive States, Traits, and Conditions

The previous lecture discussed the value of laboratory-based research in establishing telepathy, clairvoyance, and precognition as verifiable human experiences. However, what insights can the science of parapsychology lend toward improving or enhancing one's own personal psychic practice? We will discuss the states of consciousness, personality traits, and environmental conditions that have emerged as "psi-conducive" over decades of controlled research. Perhaps you will emerge with a few new tools for your practice.

Spirit Communication using Physical Phenomena and Other Means - Rev. Judy Bywra

Spirit communication comes to us in many different ways, including use of physical phenomena. This involves the properties of matter and energy. We will discuss apports (the transfer of a physical item from one place to another), and how to recognize and understand apports. Many examples of apports from Spirit are coins, feathers, stones, gems, jewelry, card drawings and much more. As our technology changes, so does Spirit communication. We will discuss the use of electromagnetic energy and how Spirit uses that to communicate with us through our computers, cell phones, voices on recordings, lights and sounds, and so many other ways. We will learn how to best experience physical phenomena by keeping an open mind, realizing "there are no coincidences," and acknowledging Spirit to bring us validation, guidance, direction and love. Rev. Judy will share many of her experiences involving Spirit communication using physical phenomena and many other means, and how you too can begin experiencing these wonderful gifts from Spirit.

CDB & NLP - Rev. Merriam Joan Handy

CDB or Conscious Diaphragmatic Breathing is a must know, must do technique to help students reach a deep Alpha Trance State. NLP or Neuro Linguistic Programming is a technique used to anchor this Alpha State to prepare for meditation, healing, Spirit Communication and Mediumship. Together, they assist us to reach incredible depths within ourselves so to gain insights; to speak to the body to heal; to talk with our Spirit Guides, Angels, and Master Teachers; and to see beyond our reality to guide the Spiritual seeker that is asking for help. The techniques you will learn in this workshop become streamlined with practice and can then be used during physical emergencies, Dr. and Dental visits, and any other time when you need to remain calm and centered.

A History of Camp Chesterfield: An Influential and Pioneering Force in the Movement of Modern Spiritualism since 1886
-Rev. Prof. Todd Jay Leonard

This presentation/workshop will begin with a brief history of Modern Spiritualism and then focus almost entirely on the history of Camp Chesterfield, using PowerPoint slides with photos. Using a "timeline" format, Rev. Leonard will offer an overview of Camp Chesterfield's long and colorful history. Time will be allotted at the end of the presentation or any questions by the attendees. The presentation will include Camp's earliest beginnings with the Westerfield's and Bronnenberg's founding and creation of the IAOS and the grounds, continuing through Mable Riffle's long tenure as the steely and powerful association secretary, a position she held for decades, through to modern times and the creation of the Friends of Camp Chesterfield Foundation (FCCF) which focuses solely on acquiring grant money and funding for the preservation of camp's historic structures and landscape displays.

Do You Want to Be a Medium - Rev. Judy Bywra

This Class/Workshop will give you insights and shared stories and experiences of Mediumship, so you too can learn. Mediumship is constantly evolving as well as how Spirit gives us information validating their existence. We are all constantly learning, and Spirit is also constantly learning. Reverend Judy will share her experiences as a Medium and what she has learned in the hundreds of readings she has given, as well as discussing insights that other Mediums have shared with her and their experiences. She will discuss the importance of keeping an open mind and knowing there are "no coincidences."

Rev. Judy will reference and discuss the teachings in the book by Rose Vanden Eynden called, "So You Want to Be a Medium?" She will talk about "Modern Spiritualism," the acknowledgement of Guides and Guidance, the importance of living in harmony, and the art of listening. There will be a discussion about "The Do's and Don'ts of Sitting and Giving Readings," as well as sample exercises.

Senet: Making Your Way through the Duat (an Egyptian Underworld Board Game) with Rev. Normandi Ellis and Karen Klein

Good luck, or a blessing of the gods, was what it took to pass through the 30 day cycle of the senet board, which simultaneously represented the 30 phases or the moon or a more spiritually rigorous trip through the duat, or underworld after death. Learn a bit about how the Egyptians played this game and how it taught the secrets of the next life. Make your own senet board and spend a day steeped in the lore of Egypt.

We will explore our soul's journey and create our own underworld with a detailed map. We will utilize markers and paint as we create a beautiful game board. The game pieces will be sculpted and serve as our footprints into Duat, the Egyptian underworld. Many tomb paintings portray the player facing an invisible opponent who sits opposite him/her on the other side of the veil separating the realms. Our images may be sparked by our dreams, our sense of adventures and our innermost visions on the hypnagogic highway of our intersecting with spirit.

CLEARING AND CLEANING THE OLD - Rev. Merriam Joan Handy

In this session you will journey through visualization to a place of safety where you will meet up with two Ascended Masters. From there you all will journey into your past life memories that are causing you to have stress and anxiety and fear in this lifetime. You will be guided to use the Violet Flame to clear and clean these negative impacting memories that have stacked up and currently harm and hinder you. The process is easy and stress free because you will not be reliving these memories but instead generically discovering them and then be empowered to end their control over you, starting with the toughest ones. The result is, when this process is used over and over, eventually you will become fully clear of fear based emotions in order to easily respond rather than react to daily life events.

Quantum Healing through Hypnosis -Elen Kizik

Have you ever been hypnotized? Is all hypnosis just for correcting habits? Are you a fan of quantum physics? Quantum Healing Hypnosis Technique or QHHT® is a healing modality that works within the quantum field. Developed by the late Dolores Cannon and honed over her 45 years as a hypnotherapist, this modality reaches the somnambulistic level, which is also known as theta wavelength. It is both extremely healing and at the same time, explorative in its ability to effectively take the individual on a journey through past/present/future lives, whichever is deemed to be of the highest and greatest good for them at that particular point in space/time. Participants will not be put under hypnosis during this workshop.

INTRODUCTION INTO THE WORLD OF ORBS -- How Spirit is Communicating With Us and their Spiritual and Healing Energies and Messages of Hope with Rev. Judy Bywra

This Lecture/Workshop will focus on the importance of Orbs in our lives and what is their spiritual meaning and lessons. Rev. Judy will share some of her photos where orbs appear starting back in 2005. She will talk about how those "light anomalies in her photos" have changed from small spherical white orbs to orbs with faces in them, moving orbs, long streak orbs, to orbs of all different sizes and shapes. She has captured thousands of orb photos and also has many recorded videos she has taken of single orbs to hundreds of orbs in one photo or video.

Referencing the book, "Orbs -- Their Mission and Messages of Hope," by Klaus Heinemann, PH.D. and Gundi Heinemann," which book she considers the "Bible of Orb Information." She will discuss why we should be interested in orbs, their popularity growth, and their energy effect on people and things -- especially electronics -- radios, tvs, lights, computers and cell phones.

This class will show you insights how you can best take your own pictures of orbs using your cell phone camera. No special camera equipment is needed, as Rev. Judy's first orb photos were taken on a cheap throw-away camera over 17 years ago.

This class/workshop is fun and interesting and allows for class participation and sharing. And, in most cases, you too will be taking your own photos with orbs in them if you are not already. Also, if you are one of those gifted people, you may start seeing orbs with your own eyes without the use of a camera.

Connecting to Spirit through creative art practices with Stacy Schuerman

This interactive workshop will help those to develop their intuitive knowledge, psychic abilities and connection to Spirit through fun and creative ways. When we can calm the mind and shift our awareness, we can receive information that otherwise might not be found in everyday living. Using the creative process of journaling, doodling and writing are great ways to bring this knowledge forth. Learn how to let go and let the messages of Spirit come to you.

We will practice writing, doodling and journaling information on only for ourselves but for others also. When we can tap into the creative energy that we all have (yes we all have it) we can connect to the higher information that Spirit and the Universe have to share with us. No talent needed for this workshop just an open mind is all that is required.

Supplies are all included. If you do have favorite art mediums you like to use feel free to bring with you but I will supply them.

Natural & Spiritual Laws for Mediumship with Stacy Schuerman

The universe with everyone and everything that lives in it, exists under Natural and Spiritual Laws. Natural and Spiritual Laws are the simple workings of how things work. These laws exist on this plane and in the Spirit world. In this interactive workshop we will discuss, understand and put into work the natural laws that help in communication with the Spirit World. Learn about the Law of Vibration, Law of Continuity, Law of Desire, Law of Service, Law of Cause and Effect, and the Law of Attraction and many more. Not only will these laws help in Mediumship but they will also help in daily Spiritual Living and Healing. This workshop will help give all a clearer understanding and tools to work with when living a Spiritual Life.

10 Hints for a Good Reading!

- 1. Seek a medium's help at a time when you are relaxed and undisturbed. If not, put your mind at ease RELAX!**
- 2. Allow the medium to proceed in his or her manner. Don't expect your biggest concern to be discussed at once. PATIENCE!**
- 3. No medium wants or needs help. Let them know when they are correct. BE FAIR!**
- 4. Skepticism, demanding proof, arguing or wanting things done your way, only leads to failure. EXPECT GOOD!**
- 5. Spirit often manifests by name. However, evidence comes in many other ways as well, such as descriptions, relationships, symbols, etc. BE WILLING TO VERIFY!**
- 6. Do not be too quick to say, "No." Wait! YOU WILL SOON UNDERSTAND.**
- 7. The true value of a reading isn't always measured by prophecy. Prediction is always possible, but you have free will to make changes in your life. GUIDANCE IS THE KEY NOTE!**
- 8. Mediumship is not fortune telling! A good reading should explain the philosophy of right living. EXPECT TRUTH!**
- 9. Every medium has a unique way of delivering a reading. Comparing the abilities of one medium with another is unfair.**
- 10. Trying to prolong a reading accomplishes nothing. The medium realizes when the spirit connection has ended. PLEASE COME AGAIN!**
